Credential ID #NS026

Summary

I am an aspiring MERN stack developer with a passion for coding and a strong foundation in JavaScript, React, Redux, Node.js, MongoDB, Express. I am a self-taught student who has been learning and growing my skills for about more than a year through online courses and YouTube and documentations. I have made several real-world simple and few complex projects. I am a fast learner and hardworking student looking for any chances to upgrade my skills as well as to contribute to your company. Ready to tackle any challenges and grow professionally. My Github URL : <https://github.com/Dipesh-khaiju>, where you can find my other projects.

Experience

Home Learning

- Experienced in working for the MERN stack project.
- Solid understanding of server-side development using Express and Node.js.
- Well-versed in building responsive websites using HTML, CSS, Tailwind CSS, and React.
- Proficient in using MongoDB and MySQL.
